## ***Clarion Forest VNA Named HomeCare Elite Top 500!***

Clarion Forest VNA announced that it has been named one of the top 500 home health agencies in the country, according to the 2010 HomeCare Elite™. Now in its fifth year, the HomeCare Elite identifies the top 25 percent of home health agencies in the United States and further highlights the top 100 and the top 500 agencies overall. Winners are ranked by an analysis of performance measures in quality outcomes, quality improvement, and financial performance.

“The 2010 HomeCare Elite winners continue to demonstrate a commitment to providing their patients with the best possible care while performing at the highest level,” said Amanda Twiss, CEO of OCS HomeCare. “We congratulate Clarion Forest VNA on being one of the top home care agencies in the country. In addition, we salute all forward-thinking providers who are already working on measuring and improving their performance using OASIS-C outcomes and process measures and HH-CAHPS results. This important data will also be used in identifying the HomeCare Elite in the future.”

Clarion Forest VNA’s Chief Executive Officer Jill Over credits the excellent staff and their commitment to the VNA’s mission with the company’s ability to rank as one of the HomeCare Elite. She said, “Clarion Forest VNA is the only local agency that attained HomeCare Elite status this year and we are extremely gratified to have been named one of the top 500 agencies in the country.”

“On the fifth anniversary of HomeCare Elite, DecisionHealth would like to congratulate all of the winners who have achieved excellent clinical and financial outcomes, especially during times of such drastic regulatory changes,” added Marci Heydt, executive editor of DecisionHealth’s *Home Health Line*.

The 2010 HomeCare Elite is the only performance recognition of its kind in the home health industry. The 2010 HomeCare Elite is brought to the industry by OCS HomeCare, the leading provider of homecare information, and DecisionHealth, publisher of home care’s most respected independent newsletter *Home Health Line*. The data used for this analysis were compiled from publicly available information. The entire list of the 2010 HomeCare Elite agencies can be viewed by visiting the OCS HomeCare website at [www.ocshomecare.com](http://www.ocshomecare.com).

## Trivia on the Subject of Christmas

- "White Christmas" starring Bing Crosby and Danny Kaye, was the first movie to be made in Vista Vision, a deep-focus process (1954)
- "The Nutcracker" is the name for the ballet performed around Christmas time each year. "The Nutcracker Suite" is the title of the music Tchaikovsky wrote.
- "Wassail" comes from the Old Norse "ves heill" --to be of good health. This evolved into the tradition of visiting neighbors on Christmas Eve and drinking to their health.
- According to the National Christmas Tree Association, Americans buy 37.1 million real Christmas trees each year; 25 percent of them are from the nation's 5,000 choose-and-cut farms
- After "A Christmas Carol," Charles Dickens wrote several other Christmas stories, one each year, but none was as successful as the original
- America's official national Christmas tree is located in King's Canyon National Park in California. The tree, a giant sequoia called the "General Grant Tree," is over 300 feet (90 meters) high. It was made the official Christmas tree in 1925.
- An artificial spider and web are often included in the decorations on Ukrainian Christmas trees. A spider found on Christmas morning is believed to bring good luck.
- During the holiday buying season, Visa cards alone are used an average of 5,340 times every minute in the United States.
- During the Christmas/Hanukkah, more than 1.76 billion candy canes will be made.
- There are two Christmas Islands. The Christmas Island in the Pacific Ocean was formerly called Kiritimati. Christmas Island in the Indian Ocean is 52 square miles.
- Frustrated at the lack of interest in his new toy invention, Charles Pajeau hired several midgets, dressed them in elf costumes, and had them play with "Tinker Toys" in a display window at a Chicago department store during the Christmas season in 1914. This publicity stunt made the construction toy an instant hit. A year later, over a million sets of Tinker Toys had been sold.
- Hallmark introduced its first Christmas cards in 1915, five years after the founding of the company.
- In 1947, Toys for Tots started making the holidays a little happier for children by organizing its first Christmas toy drive for needy youngsters.
- In an effort to solicit cash to pay for a charity Christmas dinner in 1891, a large crabpot was set down on a San Francisco street, becoming the first Salvation Army collection kettle.
- More diamonds are purchased at Christmas-time (31 percent) than during any other holiday or occasion during the year.
- Silent Night was written in 1818, by an Austrian priest Joseph Mohr. He was told the day before Christmas that the church organ was broken and would not be prepared in time for Christmas Eve. He was saddened by this and could not think of Christmas without music, so he wanted to write a carol that could be sung by choir to guitar music. He sat down and wrote three stanzas. Later that night the people in the little Austrian Church sang "Stille Nacht" for the first time.
- Yuletide-named towns in the United States include Santa Claus, located in Arizona and Indiana, Noel in Missouri, and Christmas in both Arizona and Florida.
